

# FINISH CHART

The current chart features standard finishes offered by Airvector® on most products. Colors and textures have been reproduced as accurately as possible. However, due to variances among computer monitors and printers, the colors may appear differently than on the actual products. Some finishes might not apply to all products. Extra costs and lead times have been listed

to help you price and schedule your orders. See RAL available on our RAL K7 Classic Colour Chart. For more accurate costs and lead times, to confirm availability of a finish on a particular product or for custom finish requirements, please contact our customer service department at [order@airvector-hvac.com](mailto:order@airvector-hvac.com).
